

OPaL Marks Presence at India's Biggest Polymer Expo - PLASTIVISION

The 11th edition of PLASTIVISION, one of the biggest exhibitions of the polymer and plastic industry, was organized in Mumbai from 16th-20th January 2020. PLASTIVISION provides an ideal platform for all manufacturers of the polymer industry to come together and showcase their products and deliberate over the possibilities of the future.

ONGC Petro additions Limited (OPaL) was one of the prime exhibitors at this prestigious event. OPaL's well-appointed stall at the event was inaugurated by Shri Avinash Verma, MD-OPaL in the presence of Shri Hemant Nautiyal, Head-Marketing, OPaL, Shri Shashi Ramugade, DGM-Marketing-OPaL and the marketing team. The expansive stall was tactically designed to showcase the exclusive product line and to accommodate a large number of visitors.

On the first day, OPaL delegation had the pleasure of hosting Shri Kashi Nath Jha, Joint Secretary, DCPC, Ministry of Chemicals & Petrochemicals. Shri Avinash Verma welcomed Shri Jha and honoured him with shawl and bouquet. Shri Jha interacted with the members of OPaL delegation. The 5-day long event is known for attracting plastic manufacturers, traders and domain experts from across the globe. Likewise, OPaL stall at the event witnessed an overwhelming turnout of visitors. OPaL delegation got the opportunity to interact with potential customers, DCAs and channel partners from India and abroad in the course of 5 days.

PLASTIVISION is organized by All India Plastic Manufacturer's Association (AIPMA), the largest non-profit apex body working towards the welfare of the plastic industry. The event has a glorious history that dates back to 1992. Its huge success has helped it rank among the top 10 plastic industry events globally.
