

OPaL Receives Prestigious IMS Certification

OPaL has been awarded the prestigious IMS Certifications for multiple sites in conformance to the requirements of ISO 9001:2015, ISO 14001-2015 & ISO 45001-2018 from Bureau Veritas Certification Holding SAS - UK for OPaL's Manufacturing & Marketing processes.

On 15th March 2019, Friday, representatives from Bureau Veritas, Head Certification Cell, South Gujarat & Madhya Pradesh visited OPaL's Plant site to handover the IMS Certifications to President-OPaL. In his address, appreciated the culture of Excellence & Professionalism of the OPaL employees. He said, "Getting certifications in the period of eight months is a big achievement".

Shri Manoj Srivastava, MD & President-OPaL, expressed his delight and hailed the hard work of all the employees. He emphasised, "Integrated Management Systems is the key for building and developing a robust system for any organisation. Receiving three standard certifications in a single go for a mega Petrochemicals complex is a big achievement, particularly the recently introduced accredited ISO 45001: 2018 certification which provides a framework for enabling business processes to implement effective arrangement for managing occupational health and safety (OH&S)". He mentioned that sustaining the Certifications needs demonstration of continual improvements on PDCA cycle. He further added, "Knowledge and innovations should be our mantra for sustaining development."

Bureau Veritas Certification is given for commitment towards maintaining high standards in the field of Quality, Environment and Occupational Health & Safety. The rigorous audits are conducted against prescribed international standards. These esteemed certifications reaffirm OPaL's commitment to Safety preparedness and making OPaL a great place to work.
