Sub: Shut Down of Polypropylene (PP) Plant

Ref: Compliances under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

Pursuant to Regulation 51(2) and other applicable regulations, if any, read with Part B of Schedule-III of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('LODR'), we would like to inform you that Polypropylene (PP) Plant has been shut down due to a malfunction in the Extruder section.

Today i.e. August 22, 2025, information has been received from an expert vendor that the Extruder (damaged Part) is beyond repair and manufacturing of the new spare strictly in line with OEM specifications would take 5-7 weeks.

Apart from the PP Plant, Cracker and other Plants are kept running at a lower throughput due to the above.

We expect to resume the operations of PP Plant as early as possible and shall keep the Stock Exchange informed as soon as the Plants are restarted.

Kindly take note of the same in your records and acknowledge.

Thanking you,

Yours truly,

For ONGC Petro additions Limited

(Rakesh Johari)
