The Company has not committed any default in repayment of any of its debts (including public deposits) or debentures or interest payable thereon for a continuous period of 30 days in the preceding financial year before the date of appointment.

III. OTHER INFORMATION:

1. Reasons of loss or inadequate profits:

Financial Year 2023-24:

Financial Year 2023-24 was another challenging year for petrochemicals due to high volatility in feedstock prices and depressed margins. During this year, production was ramped up, and capacity utilization (saleable products) achieved 92%. Sales volume also increased by 12%, but on account of a 12% decrease in average sale rate, sales in value terms decreased by 2% and stood at Rs. 14,307.32 crore (FY 2022-23 Rs. 14,593.05 crore). The average Feed prices were also on a decreasing trend, but not in proportion to sales, which resulted

in gross loss of margins. Due to the above-mentioned loss of margins, together with high depreciation and finance costs, the Company has reported loss before tax of Rs. 4,836.78 crore.

Financial Year 2024-25:

Further, Financial Year 2024-25 was a similar year to Financial Year 2023-24 for the Petrochemical Sector due to volatility in feedstock prices and product prices. During this year, there was a marginal increase in production and capacity utilization (saleable products), achieving 93% as against 92% of last year. There was a marginal increase in sales volume during Financial Year 2024-25 as compared with last year. The average feed price increased by 6%, whereas the average realisation of products increased by only 3%, resulting in a gross loss of margins. Due to the above-mentioned loss of margins, together with depreciation and finance costs, the Company has reported loss before tax of Rs. 4,323.15 crore.

Financial Year 2025-26:

During the Financial Year 2025-26, the Plant was impacted due to a 2-month shutdown of the PP Plant, and thereafter, the Plant ran at lower capacity with local arrangements. Also, there was volatility in feedstock prices and product prices due to global geopolitical conflict in the month of March 2026. During this year, there was a reduction in production and capacity utilization (saleable products), as a result of which it achieved 84% as against 93% of the previous year. There was also a decrease in sales volume as compared with the previous year. The average feed price decreased by 14%, while the average realization of products increased by 2%, resulted in positive gross margins. After depreciation and finance costs, the Company reported a loss before tax of Rs. 2,333.73 crore.

2. Steps taken or proposed to be taken for improvement:

The Company has undertaken the following measures to improve the performance and profitability of the Company:

a. Exited from Dahej SEZ to reduce the import duty cost for the majority of sales of the Company in DTA;
b. Equity Capital Infusion by the holding company i.e. ONGC for correcting the capital structure;
c. Requested the Government of India for the allocation of new gas under the gas-swap arrangement;
d. Requested the holding company for rationalization of the extraction charges of C2, C3 and C4 gaseous feeds; and
e. Requested the holding company to extend the Corporate Guarantee for undertaking loans at a lower rate of interest with AAA(CE) credit rating.

3. Expected increase in productivity and profits in measurable terms:

The Company has incurred a net loss after tax for the year ended March 31, 2026, of Rs. 16,978 million (year ended March 31, 2025 Rs. 37,259 million) and cumulative loss up to March 31, 2026, reached Rs. 2,21,736 million. There is negative working capital as at March 31, 2026 of Rs. 47,339 million (March 31, 2025 Rs. 95,170 million). Based on the scheduled repayment of Long-term loans, Rs. 17,500 million is due for repayment within 12 months from the date of these financial statements.

Owing to the following key measures :

a. SEZ exit;
b. Capital Infusion by Parent Company ONGC;
c. Allocation of swap gas & reduction in processing charges by ONGC; and
d. Corporate Guarantee given by ONGC has enabled prepayment of high-cost loans and refinancing at lower rates, reducing interest cost.

The EBITDA of the Company has improved significantly, the finance cost has reduced, and the cash flow has also improved. In particular, since December 2025, the Company has consistently generated positive EBITDA, which is sufficient to absorb the interest cost. The Company is constantly reviewing its operations to improve margins by way of optimization of product mix and focusing on high netback products. The Company is expecting to improve its profitability position further in the coming years.

Pursuant to the provisions of Section 196, Section 197, Section 198 and Schedule V of the Companies Act, 2013 and Regulations 17 and 62D of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 {SEBI (LODR), 2015}, approval of shareholders is required to appoint Shri Arup Kumar Jhampri as the Director (Technical) (Whole- time Director) of the Company with effect from September 04, 2026 for a fixed tenure of three (3) years, extendable as stated above.

In terms of Section 160(1) of the Companies Act, 2013, the Company has received a formal notice in writing from a member proposing the candidature of Shri Arup Kumar Jhampri for the office of Director. Since his appointment is duly recommended by the NRC and the Board, no statutory deposit of Rs.1,00,000/- is required as per the proviso to Section 160(1) of the Act.

In connection with his proposed appointment, the Company has received the following statutory compliance documents from Shri Arup Kumar Jhampri (a) Consent to act as Director in Form DIR-2 pursuant to Section 152(5) of the Act and Rule 8 of the Companies (Appointment and Qualification of Directors) Rules, 2014; (b) Intimation in Form DIR-8 confirming that he is not disqualified from being appointed as a director under Section 164(2) of the Act; and (c) A declaration confirming that he satisfies all the eligibility conditions specified under Section 196(3) and Part I of Schedule V to the Companies Act, 2013, and is fit for appointment as a Director Technical (Whole- time Director).

The General Information and Other Information required under Schedule V of the Companies Act, 2013 are given under Item No. 1 above (Parts I and III) and are to be read as part of this Explanatory Statement. Information about the appointee is given as under:

II. INFORMATION ABOUT THE APPOINTEE:

1. Background details:

Shri Arup Kumar Jhampri joined OPaL as Director (Technical) with effect from September 04, 2026. He has been associated with OPaL since May 17, 2010 and, prior to his appointment as Director (Technical), served as the Company's Chief Operating Officer (COO).

A Chemical Engineering graduate from the University of Calcutta, Shri Jhampri brings over 34 years of rich and diverse experience in petrochemical operations and technology. His professional journey includes leadership roles with Indian Petrochemicals Corporation Limited (IPCL) and Reliance Industries Limited, covering a wide spectrum of plant operations, production and planning, manpower deployment, troubleshooting, production budgeting and technical management.

Over the course of his career, Shri Jhampri has developed extensive expertise in the operational and technical management of large-scale petrochemical facilities, with a strong focus on operational excellence, process optimisation, reliability and organisational performance.

He has played a significant role in the successful commissioning of three major olefin complexes and in strengthening feedstock security through the conceptualisation and execution of the ~10 km GCPL–OPaL Naphtha and C3/LPG Pipeline. These initiatives enabled external procurement of Naphtha and C3/LPG, enhanced feedstock reliability and flexibility, and helped avert potential commissioning delays of nearly two years.

Shri Jhampri has also spearheaded the implementation of several operational excellence and governance initiatives, including Integrated Management Systems (IMS), NABL, Risk Management, 5S, Process Safety Management (PSM) and Benchmarking, contributing significantly to enhanced safety, quality, compliance and operational performance.
