Mumbai- 400 001

**Sub: Intimation of event or information under Regulation 51(2) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015**

Pursuant to Regulation 51(2) and other applicable regulations, if any, read with Part B of Schedule-III of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('LODR'), we would like to inform you that production and supply has been constrained at our Dahej Plant.

This situation has arose due to complete cut off of the gaseous feed and limited supply of liquid feedstock due to ongoing war situation in the Middle East region resulting in disruption of vessel movements through the Strait of Hormuz.

Today, i.e. March 05, 2026, notice for invocation of force majeure has been received from the suppliers of gaseous feed regarding shutdown of their plant due to non-availability of rich LNG supply on account of ongoing situation in the Middle East. In view of this event, the cracker plant load has been reduced drastically which has cascading effect on downstream petro chemical plants. During this intermittent period, all dispatches/shipments of goods and materials to & from the facility will remain affected.

At this stage, the potential impact of the ongoing force majeure situation on the operations and other activities of the Company cannot be quantified. The Company is closely monitoring developments and will continue to keep the stock exchanges informed of any material updates.

Kindly take note of the same in your records and acknowledge.

Thanking you,

Yours truly,

**For ONGC Petro additions Limited**
