Bondada may invest ₹10K cr for 25 Gw RE goal

NANDINI KESHARI
New Delhi, 6 May

Bondada Engineering, a ₹2,800 crore solar engineering, procurement and construction company, is eyeing investments of around ₹10,000 crore over four years to meet its 2030 target of 25 Gigawatt (Gw) renewable energy (RE) capacity.

It is also exploring data centres and defence manufacturing. "It will contribute significantly to our top line in the coming years," said company chairman and managing director Bondada Raghavendra Rao (pictured).

He said that around ₹2,000 crore of the total investments will go in defence

manufacturing, including acquisitions, and augmentation of its power plants.

"We have capabilities in both the primary elements—connectivity and round-the-clock power—required for data centres. We can also execute all the related aspects and hand them over to operators," he said. He added that the company is in discussions with hyperscalers to set up data centres for them.

In February, the company partnered Bryanston Renewables, FZCO Dubai, UAE, for the development of green data centres in India and select international markets. Bondada is targeting an order book of around ₹10,000 crore by the end of the current financial year.

Of the 25 Gw total renewable capac-

ity, around 16 Gw will come from solar and 9 Gw from battery energy storage (BESS). Of 16 GW solar, around 2 GW will

be deployed by the firm as an independent power producer (IPP). For storage, around 2.5 GWh will be its own deployment and around 6.5 GWh is BESS EPC.

Bondada Group has commissioned renewable energy projects of 1.3 Gw capacity, with an order book of ₹7,147 crore at the end of FY26. It has around 7.4 Gw capacity under execution currently. The 2 Gw solar IPP project is ready in terms of land and planning, but the company is waiting for grid connectivity. Spread across 8,000 acres, it will be located in Anantpur district of Andhra Pradesh.

"We have not started installation due to the lack of grid availability," Rao said. "Developers are investing and setting up plants, but in some cases, they are

unable to inject power due to lack of grid readiness. The government needs to strengthen grid systems and streamline land rules to ensure timely execution of projects," he added. The company has so far bagged around 1.2 GWh of energy storage capacity and it is working with the Tamil Nadu and Andhra Pradesh governments. It is also working on alternatives for lithium-ion batteries such as vanadium flow batteries.

"We are working with industry players like Bharat Heavy Electricals Limited and NLC India (formerly Neyveli Lignite Corporation India), and have participated in NTPC tenders involving vanadium flow batteries," Rao said.

Samsung bets on AI, experiential retail for India play

ANEKA CHATTERJEE
New Delhi, 6 May

Samsung India Electronics is sharpening its enterprise strategy in India by focusing on integrated device ecosystems, immersive experience centres, and artificial intelligence (AI)-driven solutions, as businesses increasingly shift towards digital and experiential operations.

Puneet Sethi, vice president and head of enterprise business at Samsung India Electronics, said the company's enterprise division functions as a cross-portfolio vertical that draws from multiple business lines rather than operating as a standalone segment.

"Enterprise represents our broader product ecosystem with mobility devices, visual display solutions, and appliances, serving different industry requirements," Sethi said.

The South Korea-based smartphone giant's enterprise growth momentum in the country is driven by demand across sectors such as education, retail, and corporate workplaces. Here, organisations are adopting digital infrastructure to enhance operational efficiency and customer engagement.

The company highlighted that a key pillar of its strategy is its newly launched experience studios in Mumbai and Gurugram, designed to accelerate enterprise operations.

The centres allow clients to interact with live solutions and take decisions for deployment.

"When customers visit the experience centre, they can see the entire ecosystem working

Puneet Sethi, VP & head of enterprise business at Samsung India, said security and data management are emerging as critical priorities for retailers

together. This simplifies decision making and also opens cross-selling opportunities across mobility devices, displays, and appliances," he said.

Retail remains one of the fastest-evolving enterprise segments for Samsung. The company is witnessing growing adoption of tablets, smartphones, rugged enterprise devices, and large-format digital displays. Security and data management are emerging as critical priorities for retailers transitioning towards digital storefronts, Sethi highlighted.

Samsung is positioning its Knox platform (a defence security solution) as a core offering to support secure device management and enterprise data protection.

Sethi said AI capabilities are now embedded across Samsung's enterprise product ecosystem rather than being deployed as standalone solutions.

PhonePe launches AI tool for merchant integrations

PhonePe, the payments platform with over 700 million registered users, on Wednesday announced the launch of an artificial intelligence (AI)-powered integration layer to reduce payment gateway (PG) onboarding time for merchants. Built for AI coding assistants and backed by PhonePe's proprietary 'Integration Intelligence' layer, the system

aims to cut integration time from weeks to minutes. "Integration has historically been one of the longest phases for any merchant going live with a payment gateway. We built the AI integration agent specifically to collapse that timeline from weeks to minutes," said Rahul Chari, founder and chief technology officer at PhonePe.

"By layering our proprietary integration intelligence on top of AI coding assistants, we have created an agent that doesn't just generate code, it understands payments. We're just getting started with our AI journey and there are many more exciting features in the pipeline," he added. Merchants can use the AI agent to integrate PhonePe's payment gateway within minutes through a conversational interface.

TATA CONSULTANCY SERVICES LIMITED	
NOTICE TO THE SHAREHOLDERS OF 31ST ANNUAL GENERAL MEETING	
NOTICE is hereby given that the thirty-first Annual General Meeting ("AGM") of the Company will be held on Tuesday, June 9, 2026, at 10.30 a.m. (IST) through Video Conferencing ("VC")/Other Audio Visual Means ("OAVM") to transact the business, as set out in the Notice convening the AGM.	
The Ministry of Corporate Affairs (MCA) has vide its General Circular No. 03/2025 dated September 22, 2025 read with the circulars issued earlier in this regard (collectively referred to as "MCA Circulars") permitted holding of the AGM through VC/OAVM, without physical presence of the Members at a common venue. In compliance with MCA Circulars and the relevant provisions of the Companies Act, 2013, read with Rules made thereunder and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the AGM of the Company will be held through VC/OAVM.	
Notice of the AGM along with the Integrated Annual Report for financial year ("FY") 2026 will be sent by electronic mode to those Members whose email IDs are registered with the Company or National Securities Depository Limited ("NSDL")/Central Depository Services (India) Limited ("CDSL"), collectively ("Depositories"). A letter providing a web-link and QR code for accessing the Integrated Annual Report will be sent to those Members who have not registered their email IDs.	
The Notice and Integrated Annual Report for FY 2026 will also be available on the following websites (a) Company - www.tcs.com (b) BSE Limited - www.bseindia.com (c) National Stock Exchange of India Limited - www.nseindia.com and (d) NSDL - https://www.evoting.nsdl.com	
Members can attend and participate in the AGM through VC/OAVM facility only and their attendance shall be counted for the purpose of determining the quorum under Section 103 of the Companies Act, 2013. Remote e-voting facility is being provided to Members to cast their votes prior to the AGM or during the AGM. Detailed procedure for e-voting and joining virtual AGM would form part of the Notice.	
Shareholders whose email IDs are not registered with the Company or Depositories may register the same at https://web.in.mpsms.mufg.com/EmailReg/Email_Register.html on or before 5.00 p.m. (IST) on Tuesday, June 2, 2026, to receive the Notice and Integrated Annual Report for FY 2026. Please note that email ID registered through the above mentioned link is for limited purpose of sending Notice and Integrated Annual Report for FY 2026.	
Dividend and Record Date: The Company has fixed Monday, May 25, 2026, as the "Record Date" for determining entitlement of Members to final dividend for FY 2026, if declared at the AGM. As per SEBI directives, with effect from November 18, 2025, payment of dividends shall be processed in electronic mode only. Payment through dividend warrants or cheques has been discontinued. Further, members are requested to note that payment of dividend to shareholders holding shares in physical form shall be made only upon folio being KYC compliant i.e. PAN, contact details including mobile no., bank account details and specimen signature are registered with the Company/Registrar and Share Transfer Agent ("RTA"). Shareholders are therefore requested to update their bank details and ensure that their folios are KYC compliant. [SEBI Master Circular No. SEBI/HO/38/13/4/2026-MIRSD-POD/4298/2026 dated February 6, 2026 read with SEBI Listing Regulations]. Tax deducted at source ("TDS") on Dividend: As per the provisions of the Income Tax Act, 2025 (the "Act") dividend income is taxable in the hands of shareholders and the Company is required to deduct tax at source from dividend to be paid to shareholders at the prescribed rates. To avail exemption of TDS, shareholders are requested to submit required documents/declaration (refer table below) by email to tcsexemptions2627@in.mpsms.mufg.com or by scanning a QR code given below, on or before 11.59 p.m. (IST) Thursday, May 21, 2026.	
Category of Shareholder	Document(s) to be submitted/uploaded
Resident individual shareholder with PAN and whose income does not exceed maximum amount not chargeable to tax or who is not liable to pay income tax*	i. Form 121 (The erstwhile Form 15G or Form 15H shall not be accepted for this purpose)

Epic plans \$150 million investment in Odisha for export ecosystem

HEMANT KUMAR ROU
Bhubaneswar, 6 May

Hong Kong-headquartered global apparel major Epic Group will invest \$150 million to set up a new textiles and technical textiles manufacturing facility in Odisha as part of its next strategic leap.

The proposed investment comes close on the heels of the inauguration of Epic's first Indian apparel manufacturing unit — Trimetro Garments. It has come up with an investment of \$100 million on a 40-acre land in Khurda district.

As the company plans to focus on high-quality synthetic fabrics, the new investment aims at servicing fast-growing global export markets.

In an interaction with *Business Standard*, Epic Group Chairman Ranjan Mahtani (pictured) said the company has planned to invest at least \$150 million more in the state to develop a technical textiles ecosystem. For this, a patch of 20 acres has been identified at a different location in Khurda district.

"The new investment is in the blueprint phase. Land acquisition is underway along with other administrative approvals. We expect to make a formal announcement in the next six months or so once approvals and land transfers are finalised," Mahtani said, indicating that the ground-work for Epic's second major Odisha project has already begun. Unlike other textile projects that primarily focus on cotton and blended fabrics, Epic's upcoming facility will focus on high-value technical textiles and engineered fabrics, a segment increasingly being driven by demand from active-wear, athleisure, performance apparel and global fashion.

Alpha Corp to invest ₹750 cr in EIL's stressed assets after SC approval

SANKET KOUL & ANEKA CHATTERJEE
New Delhi, 6 May

Delhi-based realty firm Alpha Corp Development said on Wednesday that it would invest ₹750 crore in three stressed assets of Earth Infrastructure Ltd (EIL) spread across Greater Noida and Gurugram, with a total revenue potential of ₹1,200 crore.

This followed the Supreme Court's decision on Tuesday providing relief to over 3,000 home and commercial space buyers by restoring resolution plans for the stalled EIL projects. These plans were earlier set aside by the National Company Law Appellate Tribunal (NCLAT) in January 2023, on appeal by the Greater Noida Industrial Development Authority (GNIDA).

The apex court also directed that GNIDA would be entitled to recover only its principal dues, waiving penal

interest, penal charges, and time-extension penalties, noting that the authority's prolonged inaction had contributed significantly to the present situation.

"The court has asked GNIDA to give details of dues remaining within two weeks, so that we can start the process of principal payment and construction," said Santosh

Agarwal, executive director and chief financial officer (CFO) at Alpha Corp Development.

The acquired assets include two commercial information technology (IT)/IT enabled service (ITeS) developments, namely, Earth TechOne and Earth Sapphire Court, and a 600-unit residential project named Earth Copia in Sector 122 Gurugram. Agarwal added that Alpha Corp expects to complete these projects in four years after construction starts. "The investment in the project will be funded majorly through internal accruals, along with some debt component," he said.

Agarwal, executive director and chief financial officer (CFO) at Alpha Corp Development.

Bondada may invest ₹10K cr for 25 Gw RE goal

NANDINI KESHARI
New Delhi, 6 May

Bondada Engineering, a ₹2,800 crore solar engineering, procurement and construction company, is eyeing investments of around ₹10,000 crore over four years to meet its 2030 target of 25 Gigawatt (Gw) renewable energy (RE) capacity.

It is also exploring data centres and defence manufacturing. "It will contribute significantly to our top line in the coming years," said company chairman and managing director Bondada Raghavendra Rao (pictured).

He said that around ₹2,000 crore of the total investments will go in defence

manufacturing, including acquisitions, and augmentation of its power plants.

"We have capabilities in both the primary elements—connectivity and round-the-clock power—required for data centres. We can also execute all the related aspects and hand them over to operators," he said. He added that the company is in discussions with hyperscalers to set up data centres for them.

In February, the company partnered Bryanston Renewables, EZCO Dubai, UAE, for the development of green data centres in India and select international markets. Bondada is targeting an order book of around ₹10,000 crore by the end of the current financial year.

Of the 25 Gw total renewable capac-

ity, around 16 Gw will come from solar and 9 Gw from battery energy storage (BESS). Of 16 GW solar, around 2 GW will

be deployed by the firm as an independent power producer (IPP). For storage, around 2.5 GWh will be its own deployment and around 6.5 GWh is BESS EPC.

Bondada Group has commissioned renewable energy projects of 1.3 Gw capacity, with an order book of ₹7,147 crore at the end of FY26. It has around 7.4 Gw capacity under execution currently. The 2 Gw solar IPP project is ready in terms of land and planning, but the company is waiting for grid connectivity. Spread across 8,000 acres, it will be located in Anantpur district of Andhra Pradesh.

"We have not started installation due to the lack of grid availability," Rao said. "Developers are investing and setting up plants, but in some cases, they are

unable to inject power due to lack of grid readiness. The government needs to strengthen grid systems and streamline land rules to ensure timely execution of projects," he added. The company has so far bagged around 1.2 GWh of energy storage capacity and it is working with the Tamil Nadu and Andhra Pradesh governments. It is also working on alternatives for lithium-ion batteries such as vanadium flow batteries.

"We are working with industry players like Bharat Heavy Electricals Limited and NLC India (formerly Neyveli Lignite Corporation India), and have participated in NTPC tenders involving vanadium flow batteries," Rao said.

Samsung bets on AI, experiential retail for India play

ANEKA CHATTERJEE
New Delhi, 6 May

Samsung India Electronics is sharpening its enterprise strategy in India by focusing on integrated device ecosystems, immersive experience centres, and artificial intelligence (AI)-driven solutions, as businesses increasingly shift towards digital and experiential operations.

Puneet Sethi, vice president and head of enterprise business at Samsung India Electronics, said the company's enterprise division functions as a cross-portfolio vertical that draws from multiple business lines rather than operating as a standalone segment.

"Enterprise represents our broader product ecosystem with mobility devices, visual display solutions, and appliances, serving different industry requirements," Sethi said.

The South Korea-based smartphone giant's enterprise growth momentum in the country is driven by demand across sectors such as education, retail, and corporate workplaces. Here, organisations are adopting digital infrastructure to enhance operational efficiency and customer engagement.

The company highlighted that a key pillar of its strategy is its newly launched experience studios in Mumbai and Gurugram, designed to accelerate enterprise operations.

The centres allow clients to interact with live solutions and take decisions for deployment.

"When customers visit the experience centre, they can see the entire ecosystem working

Puneet Sethi, VP & head of enterprise business at Samsung India, said security and data management are emerging as critical priorities for retailers

together. This simplifies decision making and also opens cross-selling opportunities across mobility devices, displays, and appliances," he said.

Retail remains one of the fastest-evolving enterprise segments for Samsung. The company is witnessing growing adoption of tablets, smartphones, rugged enterprise devices, and large-format digital displays. Security and data management are emerging as critical priorities for retailers transitioning towards digital storefronts, Sethi highlighted.

Samsung is positioning its Knox platform (a defence security solution) as a core offering to support secure device management and enterprise data protection.

Sethi said AI capabilities are now embedded across Samsung's enterprise product ecosystem rather than being deployed as standalone solutions.

PhonePe launches AI tool for merchant integrations

PhonePe, the payments platform with over 700 million registered users, on Wednesday announced the launch of an artificial intelligence (AI)-powered integration layer to reduce payment gateway (PG) onboarding time for merchants. Built for AI coding assistants and backed by PhonePe's proprietary 'Integration Intelligence' layer, the system

aims to cut integration timelines from weeks to minutes. "Integration has historically been one of the longest phases for any merchant going live with a payment gateway. We built the AI integration agent specifically to collapse that timeline from weeks to minutes," said Rahul Chari, founder and chief technology officer at PhonePe.

"By layering our proprietary integration intelligence on top of AI coding assistants, we have created an agent that doesn't just generate code, it understands payments. We're just getting started with our AI journey and there are many more exciting features in the pipeline," he added. Merchants can use the AI agent to integrate PhonePe's payment gateway within minutes through a conversational interface.

TATA CONSULTANCY SERVICES LIMITED

NOTICE TO THE SHAREHOLDERS OF 31ST ANNUAL GENERAL MEETING

NOTICE is hereby given that the **thirty-first Annual General Meeting ("AGM") of the Company will be held on Tuesday, June 9, 2026, at 10.30 a.m. (IST) through Video Conferencing ("VC")/Other Audio Visual Means ("OAVM")** to transact the business, as set out in the Notice convening the AGM.

The Ministry of Corporate Affairs (MCA) has vide its General Circular No. 03/2025 dated September 22, 2025 read with the circulars issued earlier in this regard (collectively referred to as "MCA Circulars") permitted holding of the AGM through VC/OAVM, without physical presence of the Members at a common venue. In compliance with MCA Circulars and the relevant provisions of the Companies Act, 2013, read with Rules made thereunder and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the AGM of the Company will be held through VC/OAVM.

Notice of the AGM along with the Integrated Annual Report for financial year ("FY") 2026 will be sent by electronic mode to those Members whose email IDs are registered with the Company or National Securities Depository Limited ("NSDL")/Central Depository Services (India) Limited ("CDSL"), collectively ("Depositories"). A letter providing a web-link and QR code for accessing the Integrated Annual Report will be sent to those Members who have not registered their email IDs.

The Notice and Integrated Annual Report for FY 2026 will also be available on the following websites (a) Company - www.tcs.com (b) BSE Limited - www.bseindia.com (c) National Stock Exchange of India Limited - www.nseindia.com and (d) NSDL - <https://www.evoting.nsdl.com>

Members can attend and participate in the AGM through VC/OAVM facility only and their attendance shall be counted for the purpose of determining the quorum under Section 103 of the Companies Act, 2013. Remote e-voting facility is being provided to Members to cast their votes prior to the AGM or during the AGM. Detailed procedure for e-voting and joining virtual AGM would form part of the Notice.

Shareholders whose email IDs are not registered with the Company or Depositories may register the same at https://web.in.mpsms.mufg.com/EmailReg/Email_Register.html on or before 5.00 p.m. (IST) on Tuesday, June 2, 2026, to receive the Notice and Integrated Annual Report for FY 2026. Please note that email ID registered through the above mentioned link is for limited purpose of sending Notice and Integrated Annual Report for FY 2026.

Dividend and Record Date:

The Company has fixed Monday, May 25, 2026, as the "Record Date" for determining entitlement of Members to final dividend for FY 2026, if declared at the AGM.

As per SEBI directives, with effect from November 18, 2025, payment of dividends shall be processed in electronic mode only. Payment through dividend warrants or cheques has been discontinued.

Further, members are requested to note that payment of dividend to shareholders holding shares in physical form shall be made only upon folio being KYC compliant i.e. PAN, contact details including mobile no., bank account details and specimen signature are registered with the Company/Registrar and Share Transfer Agent ("RTA").

Shareholders are therefore requested to update their bank details and ensure that their folios are KYC compliant. [SEBI Master Circular No. SEBI/HO/38/13/4/2026-MIRSD-POD/4298/2026 dated February 6, 2026 read with SEBI Listing Regulations].

Tax deducted at source ("TDS") on Dividend:

As per the provisions of the Income Tax Act, 2025 (the "Act") dividend income is taxable in the hands of shareholders and the Company is required to deduct tax at source from dividend to be paid to shareholders at the prescribed rates.

To avail exemption of TDS, shareholders are requested to submit required documents/declaration (refer table below) by email to tcesemtpofms2627@in.mpsms.mufg.com or by scanning a QR code given below, on or before 11.59 p.m. (IST) Thursday, May 21, 2026.

Category of Shareholder	Document(s) to be submitted/uploaded
Resident individual shareholder with PAN and whose income does not exceed maximum amount not chargeable to tax or who is not liable to pay income tax*	i. Form 121 (The erstwhile Form 15G or Form 15H shall not be accepted for this purpose)
Non-resident shareholders (including Foreign Portfolio Investors (FPIs) who can avail beneficial rates under tax treaty between India and their country of tax residence**	i. No Permanent Establishment Declaration ii. Beneficial Ownership Declaration iii. Tax Residency Certificate iv. Copy of electronically filed Form 41 (erstwhile Form 10F) v. Any other document which may be required

*If PAN is incorrect/invalid/inoperative then tax will be deducted at higher rates and credit of TDS will not be available.

Shareholders are requested to intimate changes, if any, pertaining to their name, postal address, E-mail ID, telephone/mobile, PAN, mandates, choice of nominations, power of attorney, bank details, etc.:

a. to Depository Participants: for shares held in electronic form
b. to Company/RTA: for shares held in physical form

Notes:

- The above financial results were reviewed by the Audit Committee and approved by the Board of Directors at their meeting held on May 5, 2026 and have been audited by the Statutory Auditors.
- The above is an extract of the detailed format of the financial results for the quarter and year ended March 31, 2026 filed with the Stock Exchanges under Regulation 33 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of the financial results are available on the Company's website (www.ginnifilaments.com) and Stock Exchange website (www.nseindia.com).
- The above results are in accordance with the Companies (Indian Accounting Standards) Rules, 2015 as amended time to time and prescribed under Section 133 of the Companies Act, 2013, read with the relevant rules issued thereunder and other accounting principles generally accepted in India.
- The Board of Directors of the Company, at its meeting held on May 7, 2026, approved the closure of operations of the Garment Division ("the Undertaking") and the subsequent disposal of the related assets and liabilities. Accordingly, the assets of the Undertaking intended to be sold or transferred were classified as "Assets Held for Sale" upon closure of the Garment Division during the quarter ended June 30, 2025. During the year ended March 31, 2026, the Company disposed of the aforesaid assets of the Undertaking. Further, the net results of the Undertaking for the respective quarter and previous period(s) has been disclosed separately as discontinued operations, in accordance with Indian Accounting Standard (Ind AS) 105 - Non-current Assets Held for Sale and Discontinued Operations and Schedule III of the Companies Act, 2013.
- An exceptional loss of ₹ 545.79 lakhs has been recognised on the remeasurement of assets classified as held for sale, determined at the lower of their carrying amount and fair value less cost to sell due to closure of Garments Undertaking during the quarter ended June 30, 2025. This loss has been separately disclosed under "Exceptional Items" in the above financial results.
- Financial Results can be accessed by scanning Quick Response Code

Epic plans \$150 million investment in Odisha for export ecosystem

HEMANT KUMAR ROU
Bhubaneswar, 6 May

Hong Kong-headquartered global apparel major Epic Group will invest \$150 million to set up a new textiles and technical textiles manufacturing facility in Odisha as part of its next strategic leap.

The proposed investment comes close on the heels of the inauguration of Epic's first Indian apparel manufacturing unit — Trimetro Garments. It has come up with an investment of \$100 million on a 40-acre land in Khurda district.

As the company plans to focus on high-quality synthetic fabrics, the new investment aims at servicing fast-growing global export markets.

In an interaction with *Business Standard*, Epic Group Chairman Ranjan Mahtani (pictured) said the company has planned to invest at least \$150 million more in the state to develop a technical textiles ecosystem. For this, a patch of 20 acres has been identified at a different location in Khurda district.

"The new investment is in the blueprint phase. Land acquisition is underway along with other administrative approvals. We expect to make a formal announcement in the next six months or so once approvals and land transfers are finalised," Mahtani said, indicating that the ground-work for Epic's second major Odisha project has already begun. Unlike other textile projects that primarily focus on cotton and blended fabrics, Epic's upcoming facility will focus on high-value technical textiles and engineered fabrics, a segment increasingly being driven by demand from active-wear, athleisure, performance apparel and global fashion.

Alpha Corp to invest ₹750 cr in EIL's stressed assets after SC approval

SANKET KOUL & ANEKA CHATTERJEE
New Delhi, 6 May

Delhi-based realty firm Alpha Corp Development said on Wednesday that it would invest ₹750 crore in three stressed assets of Earth Infrastructure Ltd (EIL) spread across Greater Noida and Gurugram, with a total revenue potential of ₹1,200 crore.

This followed the Supreme Court's decision on Tuesday providing relief to over 3,000 home and commercial space buyers by restoring resolution plans for the stalled EIL projects. These plans were earlier set aside by the National Company Law Appellate Tribunal (NCLAT) in January 2023, on appeal by the Greater Noida Industrial Development Authority (GNIDA).

The apex court also directed that GNIDA would be entitled to recover only its principal dues, waiving penal

Bondada may invest ₹10K cr for 25 Gw RE goal

NANDINI KESHARI
New Delhi, 6 May

Bondada Engineering, a ₹2,800 crore solar engineering, procurement and construction company, is eyeing investments of around ₹10,000 crore over four years to meet its 2030 target of 25 Gigawatt (Gw) renewable energy (RE) capacity.

It is also exploring data centres and defence manufacturing. "It will contribute significantly to our top line in the coming years," said company chairman and managing director Bondada Raghavendra Rao (pictured).

He said that around ₹2,000 crore of the total investments will go in defence

manufacturing, including acquisitions, and augmentation of its power plants.

"We have capabilities in both the primary elements—connectivity and round-the-clock power—required for data centres. We can also execute all the related aspects and hand them over to operators," he said. He added that the company is in discussions with hyperscalers to set up data centres for them.

In February, the company partnered Bryanston Renewables, FZCO Dubai, UAE, for the development of green data centres in India and select international markets. Bondada is targeting an order book of around ₹10,000 crore by the end of the current financial year.

Of the 25 Gw total renewable capac-

ity, around 16 Gw will come from solar and 9 Gw from battery energy storage (BESS). Of 16 GW solar, around 2 GW will

be deployed by the firm as an independent power producer (IPP). For storage, around 2.5 GWh will be its own deployment and around 6.5 GWh is BESS EPC.

Bondada Group has commissioned renewable energy projects of 1.3 Gw capacity, with an order book of ₹7,147 crore at the end of FY26. It has around 7.4 Gw capacity under execution currently. The 2 Gw solar IPP project is ready in terms of land and planning, but the company is waiting for grid connectivity. Spread across 8,000 acres, it will be located in Anantpur district of Andhra Pradesh.

"We have not started installation due to the lack of grid availability," Rao said. "Developers are investing and setting up plants, but in some cases, they are

unable to inject power due to lack of grid readiness. The government needs to strengthen grid systems and streamline land rules to ensure timely execution of projects," he added. The company has so far bagged around 1.2 GWh of energy storage capacity and it is working with the Tamil Nadu and Andhra Pradesh governments. It is also working on alternatives for lithium-ion batteries such as vanadium flow batteries.

"We are working with industry players like Bharat Heavy Electricals Limited and NLC India (formerly Neyveli Lignite Corporation India), and have participated in NTPC tenders involving vanadium flow batteries," Rao said.

Samsung bets on AI, experiential retail for India play

ANEKA CHATTERJEE
New Delhi, 6 May

Samsung India Electronics is sharpening its enterprise strategy in India by focusing on integrated device ecosystems, immersive experience centres, and artificial intelligence (AI)-driven solutions, as businesses increasingly shift towards digital and experiential operations.

Puneet Sethi, vice president and head of enterprise business at Samsung India Electronics, said the company's enterprise division functions as a cross-portfolio vertical that draws from multiple business lines rather than operating as a standalone segment.

"Enterprise represents our broader product ecosystem with mobility devices, visual display solutions, and appliances, serving different industry requirements," Sethi said.

The South Korea-based smartphone giant's enterprise growth momentum in the country is driven by demand across sectors such as education, retail, and corporate workplaces. Here, organisations are adopting digital infrastructure to enhance operational efficiency and customer engagement.

The company highlighted that a key pillar of its strategy is its newly launched experience studios in Mumbai and Gurugram, designed to accelerate enterprise operations.

The centres allow clients to interact with live solutions and take decisions for deployment.

"When customers visit the experience centre, they can see the entire ecosystem working

Puneet Sethi, VP & head of enterprise business at Samsung India, said security and data management are emerging as critical priorities for retailers

together. This simplifies decision making and also opens cross-selling opportunities across mobility devices, displays, and appliances," he said.

Retail remains one of the fastest-evolving enterprise segments for Samsung. The company is witnessing growing adoption of tablets, smartphones, rugged enterprise devices, and large-format digital displays. Security and data management are emerging as critical priorities for retailers transitioning towards digital storefronts, Sethi highlighted.

Samsung is positioning its Knox platform (a defence security solution) as a core offering to support secure device management and enterprise data protection.

Sethi said AI capabilities are now embedded across Samsung's enterprise product ecosystem rather than being deployed as standalone solutions.

PhonePe launches AI tool for merchant integrations

PhonePe, the payments platform with over 700 million registered users, on Wednesday announced the launch of an artificial intelligence (AI)-powered integration layer to reduce payment gateway (PG) onboarding time for merchants. Built for AI coding assistants and backed by PhonePe's proprietary 'Integration Intelligence' layer, the system

aims to cut integration time from weeks to minutes. "Integration has historically been one of the longest phases for any merchant going live with a payment gateway. We built the AI integration agent specifically to collapse that timeline from weeks to minutes," said Rahul Chari, founder and chief technology officer at PhonePe.

"By layering our proprietary integration intelligence on top of AI coding assistants, we have created an agent that doesn't just generate code, it understands payments. We're just getting started with our AI journey and there are many more exciting features in the pipeline," he added. Merchants can use the AI agent to integrate PhonePe's payment gateway within minutes through a conversational interface.

TATA CONSULTANCY SERVICES LIMITED

NOTICE TO THE SHAREHOLDERS OF 31ST ANNUAL GENERAL MEETING

NOTICE is hereby given that the **thirty-first Annual General Meeting ("AGM") of the Company will be held on Tuesday, June 9, 2026, at 10.30 a.m. (IST) through Video Conferencing ("VC")/Other Audio Visual Means ("OAVM") to transact the business, as set out in the Notice convening the AGM.**

The Ministry of Corporate Affairs (MCA) has vide its General Circular No. 03/2025 dated September 22, 2025 read with the circulars issued earlier in this regard (collectively referred to as "MCA Circulars") permitted holding of the AGM through VC/OAVM, without physical presence of the Members at a common venue. In compliance with MCA Circulars and the relevant provisions of the Companies Act, 2013, read with Rules made thereunder and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the AGM of the Company will be held through VC/OAVM.

Notice of the AGM along with the Integrated Annual Report for financial year ("FY") 2026 will be sent by electronic mode to those Members whose email IDs are registered with the Company or National Securities Depository Limited ("NSDL"/Central Depository Services (India) Limited ("CDSL"), collectively ("Depositories"). A letter providing a web-link and QR code for accessing the Integrated Annual Report will be sent to those Members who have not registered their email IDs.

The Notice and Integrated Annual Report for FY 2026 will also be available on the following websites (a) Company - www.tcs.com (b) BSE Limited - www.bseindia.com (c) National Stock Exchange of India Limited - www.nseindia.com and (d) NSDL - <https://www.evoting.nsdl.com>

Members can attend and participate in the AGM through VC/OAVM facility only and their attendance shall be counted for the purpose of determining the quorum under Section 103 of the Companies Act, 2013. Remote e-voting facility is being provided to Members to cast their votes prior to the AGM or during the AGM. Detailed procedure for e-voting and joining virtual AGM would form part of the Notice.

Shareholders whose email IDs are not registered with the Company or Depositories may register the same at https://web.in.mpsms.mufg.com/EmailReg/Email_Register.html on or before 5.00 p.m. (IST) on Tuesday, June 2, 2026, to receive the Notice and Integrated Annual Report for FY 2026. Please note that email ID registered through the above mentioned link is for limited purpose of sending Notice and Integrated Annual Report for FY 2026.

Dividend and Record Date:

The Company has fixed Monday, May 25, 2026, as the "Record Date" for determining entitlement of Members to final dividend for FY 2026, if declared at the AGM.

As per SEBI directives, with effect from November 18, 2025, payment of dividends shall be processed in electronic mode only. Payment through dividend warrants or cheques has been discontinued.

Further, members are requested to note that payment of dividend to shareholders holding shares in physical form shall be made only upon folio being KYC compliant i.e. PAN, contact details including mobile no., bank account details and specimen signature are registered with the Company/Registrar and Share Transfer Agent ("RTA").

Shareholders are therefore requested to update their bank details and ensure that their folios are KYC compliant. [SEBI Master Circular No. SEBI/HO/38/13/4/2026-MIRSD-POD/4298/2026 dated February 6, 2026 read with SEBI Listing Regulations].

Tax deducted at source ("TDS") on Dividend:

As per the provisions of the Income Tax Act, 2025 (the "Act") dividend income is taxable in the hands of shareholders and the Company is required to deduct tax at source from dividend to be paid to shareholders at the prescribed rates.

To avail exemption of TDS, shareholders are requested to submit required documents/declaration (refer table below) by email to tcesempform@2627.in.mpsms.mufg.com or by scanning a QR code given below, on or before 11.59 p.m. (IST) Thursday, May 21, 2026.

Category of Shareholder	Document(s) to be submitted/uploaded
Resident individual shareholder with PAN and whose income does not exceed maximum amount not chargeable to tax or who is not liable to pay income tax*	i. Form 121 (The erstwhile Form 15G or Form 15H shall not be accepted for this purpose)
Non-resident shareholders (including Foreign Portfolio Investors (FPIs) who can avail beneficial rates under tax treaty between India and their country of tax residence**	i. No Permanent Establishment Declaration ii. Beneficial Ownership Declaration iii. Tax Residency Certificate iv. Copy of electronically filed Form 41 (erstwhile Form 10F) v. Any other document which may be required

*If PAN is incorrect/invalid/inoperative then tax will be deducted at higher rates and credit of TDS will not be available.

Shareholders are requested to intimate changes, if any, pertaining to their name, postal address, E-mail ID, telephone/mobile, PAN, mandates, choice of nominations, power of attorney, bank details, etc.:

a. to Depository Participants: for shares held in electronic form
b. to Company/RTA: for shares held in physical form

Scan QR code for:

a. The Format of Form 121 and Form 41	b. Uploading the Tax Exemption Documents	c. Any queries on Taxation of Dividend Distribution

Notes:

- The above financial results were reviewed by the Audit Committee and approved by the Board of Directors at their meeting held on May 5, 2026 and have been audited by the Statutory Auditors.
- The above is an extract of the detailed format of the financial results for the quarter and year ended March 31, 2026 filed with the Stock Exchanges under Regulation 33 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of the financial results are available on the Company's website (www.ginnifilaments.com) and Stock Exchange website (www.nseindia.com).
- The above results are in accordance with the Companies (Indian Accounting Standards) Rules, 2015 as amended time to time and prescribed under Section 133 of the Companies Act, 2013, read with the relevant rules issued thereunder and other accounting principles generally accepted in India.
- The Board of Directors of the Company, at its meeting held on May 7, 2026, approved the closure of operations of the Garment Division ("the Undertaking") and the subsequent disposal of the related assets and liabilities. Accordingly, the assets of the Undertaking intended to be sold or transferred were classified as "Assets Held for Sale" upon closure of the Garment Division during the quarter ended June 30, 2025. During the year ended March 31, 2026, the Company disposed of the aforesaid assets of the Undertaking. Further, the net results of the Undertaking for the respective quarter and previous period(s) has been disclosed separately as discontinued operations, in accordance with Indian Accounting Standard (Ind AS) 105 - Non-current Assets Held for Sale and Discontinued Operations and Schedule III of the Companies Act, 2013.
- An exceptional loss of ₹ 545.79 lakhs has been recognised on the remeasurement of assets classified as held for sale, determined at the lower of their carrying amount and fair value less cost to sell due to closure of Garments Undertaking during the quarter ended June 30, 2025. This loss has been separately disclosed under "Exceptional Items" in the above financial results.
- Financial Results can be accessed by scanning Quick Response Code

Epic plans \$150 million investment in Odisha for export ecosystem

HEMANT KUMAR ROU
Bhubaneswar, 6 May

Hong Kong-headquartered global apparel major Epic Group will invest \$150 million to set up a new textiles and technical textiles manufacturing facility in Odisha as part of its next strategic leap.

The proposed investment comes close on the heels of the inauguration of Epic's first Indian apparel manufacturing unit — Trimetro Garments. It has come up with an investment of \$100 million on a 40-acre land in Khurda district.

As the company plans to focus on high-quality synthetic fabrics, the new investment aims at servicing fast-growing global export markets.

In an interaction with *Business Standard*, Epic Group Chairman Ranjan Mahtani (pictured) said the company has planned to invest at least \$150 million more in the state to develop a technical textiles ecosystem. For this, a patch of 20 acres has been identified at a different location in Khurda district.

"The new investment is in the blueprint phase. Land acquisition is underway along with other administrative approvals. We expect to make a formal announcement in the next six months or so once approvals and land transfers are finalised," Mahtani said, indicating that the ground-work for Epic's second major Odisha project has already begun. Unlike other textile projects that primarily focus on cotton and blended fabrics, Epic's upcoming facility will focus on high-value technical textiles and engineered fabrics, a segment increasingly being driven by demand from active-wear, athleisure, performance apparel and global fashion.

Alpha Corp to invest ₹750 cr in EIL's stressed assets after SC approval

SANKET KOUL & ANEKA CHATTERJEE
New Delhi, 6 May

Delhi-based realty firm Alpha Corp Development said on Wednesday that it would invest ₹750 crore in three stressed assets of Earth Infrastructure Ltd (EIL) spread across Greater Noida and Gurugram, with a total revenue potential of ₹1,200 crore.

This followed the Supreme Court's decision on Tuesday providing relief to over 3,000 home and commercial space buyers by restoring resolution plans for the stalled EIL projects. These plans were earlier set aside by the National Company Law Appellate Tribunal (NCLAT) in January 2023, on appeal by the Greater Noida Industrial Development Authority (GNIDA).

The apex court also directed that GNIDA would be entitled to recover only its principal dues, waiving penal

interest, penal charges, and time-extension penalties

Bondada may invest ₹10K cr for 25 Gw RE goal

NANDINI KESHARI
New Delhi, 6 May

Bondada Engineering, a ₹2,800 crore solar engineering, procurement and construction company, is eyeing investments of around ₹10,000 crore over four years to meet its 2030 target of 25 Gigawatt (Gw) renewable energy (RE) capacity.

It is also exploring data centres and defence manufacturing. "It will contribute significantly to our top line in the coming years," said company chairman and managing director Bondada Raghavendra Rao (pictured).

He said that around ₹2,000 crore of the total investments will go in defence

manufacturing, including acquisitions, and augmentation of its power plants.

"We have capabilities in both the primary elements—connectivity and round-the-clock power—required for data centres. We can also execute all the related aspects and hand them over to operators," he said. He added that the company is in discussions with hyperscalers to set up data centres for them.

In February, the company partnered Bryanston Renewables, FZCO Dubai, UAE, for the development of green data centres in India and select international markets. Bondada is targeting an order book of around ₹10,000 crore by the end of the current financial year.

Of the 25 Gw total renewable capac-

ity, around 16 Gw will come from solar and 9 Gw from battery energy storage (BESS). Of 16 GW solar, around 2 GW will

be deployed by the firm as an independent power producer (IPP). For storage, around 2.5 GWh will be its own deployment and around 6.5 GWh is BESS EPC.

Bondada Group has commissioned renewable energy projects of 1.3 Gw capacity, with an order book of ₹7,147 crore at the end of FY26. It has around 7.4 Gw capacity under execution currently. The 2 Gw solar IPP project is ready in terms of land and planning, but the company is waiting for grid connectivity. Spread across 8,000 acres, it will be located in Anantpur district of Andhra Pradesh.

"We have not started installation due to the lack of grid availability," Rao said. "Developers are investing and setting up plants, but in some cases, they are

unable to inject power due to lack of grid readiness. The government needs to strengthen grid systems and streamline land rules to ensure timely execution of projects," he added. The company has so far bagged around 1.2 GWh of energy storage capacity and it is working with the Tamil Nadu and Andhra Pradesh governments. It is also working on alternatives for lithium-ion batteries such as vanadium flow batteries.

"We are working with industry players like Bharat Heavy Electricals Limited and NLC India (formerly Neyveli Lignite Corporation India), and have participated in NTPC tenders involving vanadium flow batteries," Rao said.

Samsung bets on AI, experiential retail for India play

ANEKA CHATTERJEE
New Delhi, 6 May

Samsung India Electronics is sharpening its enterprise strategy in India by focusing on integrated device ecosystems, immersive experience centres, and artificial intelligence (AI)-driven solutions, as businesses increasingly shift towards digital and experiential operations.

Puneet Sethi, vice president and head of enterprise business at Samsung India Electronics, said the company's enterprise division functions as a cross-portfolio vertical that draws from multiple business lines rather than operating as a standalone segment.

"Enterprise represents our broader product ecosystem with mobility devices, visual display solutions, and appliances, serving different industry requirements," Sethi said.

The South Korea-based smartphone giant's enterprise growth momentum in the country is driven by demand across sectors such as education, retail, and corporate workplaces. Here, organisations are adopting digital infrastructure to enhance operational efficiency and customer engagement.

The company highlighted that a key pillar of its strategy is its newly launched experience studios in Mumbai and Gurugram, designed to accelerate enterprise operations.

The centres allow clients to interact with live solutions and take decisions for deployment.

"When customers visit the experience centre, they can see the entire ecosystem working

Puneet Sethi, VP & head of enterprise business at Samsung India, said security and data management are emerging as critical priorities for retailers

together. This simplifies decision making and also opens cross-selling opportunities across mobility devices, displays, and appliances," he said.

Retail remains one of the fastest-evolving enterprise segments for Samsung. The company is witnessing growing adoption of tablets, smartphones, rugged enterprise devices, and large-format digital displays. Security and data management are emerging as critical priorities for retailers transitioning towards digital storefronts, Sethi highlighted.

Samsung is positioning its Knox platform (a defence security solution) as a core offering to support secure device management and enterprise data protection.

Sethi said AI capabilities are now embedded across Samsung's enterprise product ecosystem rather than being deployed as standalone solutions.

PhonePe launches AI tool for merchant integrations

PhonePe, the payments platform with over 700 million registered users, on Wednesday announced the launch of an artificial intelligence (AI)-powered integration layer to reduce payment gateway (PG) onboarding time for merchants. Built for AI coding assistants and backed by PhonePe's proprietary 'Integration Intelligence' layer, the system

aims to cut integration timelines from weeks to minutes. "Integration has historically been one of the longest phases for any merchant going live with a payment gateway. We built the AI integration agent specifically to collapse that timeline from weeks to minutes," said Rahul Chari, founder and chief technology officer at PhonePe.

"By layering our proprietary integration intelligence on top of AI coding assistants, we have created an agent that doesn't just generate code, it understands payments. We're just getting started with our AI journey and there are many more exciting features in the pipeline," he added. Merchants can use the AI agent to integrate PhonePe's payment gateway within minutes through a conversational interface.

Notes:

- The above financial results were reviewed by the Audit Committee and approved by the Board of Directors at their meeting held on May 5, 2026 and have been audited by the Statutory Auditors.
- The above is an extract of the detailed format of the financial results for the quarter and year ended March 31, 2026 filed with the Stock Exchanges under Regulation 33 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of the financial results are available on the Company's website (www.ginnifilaments.com) and Stock Exchange website (www.nseindia.com).
- The above results are in accordance with the Companies (Indian Accounting Standards) Rules, 2015 as amended time to time and prescribed under Section 133 of the Companies Act, 2013, read with the relevant rules issued thereunder and other accounting principles generally accepted in India.
- The Board of Directors of the Company, at its meeting held on May 7, 2026, approved the closure of operations of the Garment Division ("the Undertaking") and the subsequent disposal of the related assets and liabilities. Accordingly, the assets of the Undertaking intended to be sold or transferred were classified as "Assets Held for Sale" upon closure of the Garment Division during the quarter ended June 30, 2025. During the year ended March 31, 2026, the Company disposed of the aforesaid assets of the Undertaking. Further, the net results of the Undertaking for the respective quarter and previous period(s) has been disclosed separately as discontinued operations, in accordance with Indian Accounting Standard (Ind AS) 105 - Non-current Assets Held for Sale and Discontinued Operations and Schedule III of the Companies Act, 2013.
- An exceptional loss of ₹ 545.79 lakhs has been recognised on the remeasurement of assets classified as held for sale, determined at the lower of their carrying amount and fair value less cost to sell due to closure of Garments Undertaking during the quarter ended June 30, 2025. This loss has been separately disclosed under "Exceptional Items" in the above financial results.
- Financial Results can be accessed by scanning Quick Response Code

NOTICE TO THE SHAREHOLDERS OF 31ST ANNUAL GENERAL MEETING

NOTICE is hereby given that the **thirty-first Annual General Meeting ("AGM") of the Company will be held on Tuesday, June 9, 2026, at 10.30 a.m. (IST) through Video Conferencing ("VC")/Other Audio Visual Means ("OAVM") to transact the business, as set out in the Notice convening the AGM.**

The Ministry of Corporate Affairs (MCA) has vide its General Circular No. 03/2025 dated September 22, 2025 read with the circulars issued earlier in this regard (collectively referred to as "MCA Circulars") permitted holding of the AGM through VC/OAVM, without physical presence of the Members at a common venue. In compliance with MCA Circulars and the relevant provisions of the Companies Act, 2013, read with Rules made thereunder and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the AGM of the Company will be held through VC/OAVM.

Notice of the AGM along with the Integrated Annual Report for financial year ("FY") 2026 will be sent by electronic mode to those Members whose email IDs are registered with the Company or National Securities Depository Limited ("NSDL"/Central Depository Services (India) Limited ("CDSL"), collectively ("Depositories"). A letter providing a web-link and QR code for accessing the Integrated Annual Report will be sent to those Members who have not registered their email IDs.

The Notice and Integrated Annual Report for FY 2026 will also be available on the following websites (a) Company - www.tcs.com (b) BSE Limited - www.bseindia.com (c) National Stock Exchange of India Limited - www.nseindia.com and (d) NSDL - <https://www.evoting.nsdl.com>

Members can attend and participate in the AGM through VC/OAVM facility only and their attendance shall be counted for the purpose of determining the quorum under Section 103 of the Companies Act, 2013. Remote e-voting facility is being provided to Members to cast their votes prior to the AGM or during the AGM. Detailed procedure for e-voting and joining virtual AGM would form part of the Notice.

Shareholders whose email IDs are not registered with the Company or Depositories may register the same at https://web.in.mpsms.mufg.com/EmailReg/Email_Register.html on or before 5.00 p.m. (IST) on Tuesday, June 2, 2026, to receive the Notice and Integrated Annual Report for FY 2026. Please note that email ID registered through the above mentioned link is for limited purpose of sending Notice and Integrated Annual Report for FY 2026.

Dividend and Record Date:
The Company has fixed Monday, May 25, 2026, as the "Record Date" for determining entitlement of Members to final dividend for FY 2026, if declared at the AGM.
As per SEBI directives, with effect from November 18, 2025, payment of dividends shall be processed in electronic mode only. Payment through dividend warrants or cheques has been discontinued.
Further, members are requested to note that payment of dividend to shareholders holding shares in physical form shall be made only upon folio being KYC compliant i.e. PAN, contact details including mobile no., bank account details and specimen signature are registered with the Company/Registrar and Share Transfer Agent ("RTA").
Shareholders are therefore requested to update their bank details and ensure that their folios are KYC compliant. [SEBI Master Circular No. SEBI/HO/38/13/4/2026-MIRSD-POD/4298/2026 dated February 6, 2026 read with SEBI Listing Regulations].
Tax deducted at source ("TDS") on Dividend:
As per the provisions of the Income Tax Act, 2025 (the "Act") dividend income is taxable in the hands of shareholders and the Company is required to deduct tax at source from dividend to be paid to shareholders at the prescribed rates.
To avail exemption of TDS, shareholders are requested to submit required documents/declaration (refer table below) by email to tcesempform@tcs.com or by scanning a QR code given below, on or before 11.59 p.m. (IST) Thursday, May 21, 2026.

Category of Shareholder	Document(s) to be submitted/uploaded
Resident individual shareholder with PAN and whose income does not exceed maximum amount not chargeable to tax or who is not liable to pay income tax*	i. Form 121 (The erstwhile Form 15G or Form 15H shall not be accepted for this purpose)
Non-resident shareholders (including Foreign Portfolio Investors (FPIs) who can avail beneficial rates under tax treaty between India and their country of tax residence**	i. No Permanent Establishment Declaration ii. Beneficial Ownership Declaration iii. Tax Residency Certificate iv. Copy of electronically filed Form 41 (erstwhile Form 10F) v. Any other document which may be required

*If PAN is incorrect/invalid/inoperative then tax will be deducted at higher rates and credit of TDS will not be available.
Shareholders are requested to intimate changes, if any, pertaining to their name, postal address, E-mail ID, telephone/mobile, PAN, mandates, choice of nominations, power of attorney, bank details, etc.:

a. to Depository Participants: for shares held in electronic form
b. to Company/RTA: for shares held in physical form

Scan QR code for:

a. The Format of Form 121 and Form 41	b. Uploading the Tax Exemption Documents	c. Any queries on Taxation of Dividend Distribution

Epic plans \$150 million investment in Odisha for export ecosystem

HEMANT KUMAR ROU
Bhubaneswar, 6 May

Hong Kong-headquartered global apparel major Epic Group will invest \$150 million to set up a new textiles and technical textiles manufacturing facility in Odisha as part of its next strategic leap.

The proposed investment comes close on the heels of the inauguration of Epic's first Indian apparel manufacturing unit — Trimetro Garments. It has come up with an investment of \$100 million on a 40-acre land in Khurda district.

As the company plans to focus on high-quality synthetic fabrics, the new investment aims at servicing fast-growing global export markets.

In an interaction with *Business Standard*, Epic Group Chairman Ranjan Mahtani (pictured) said the company has planned to invest at least \$150 million more in the state to develop a technical textiles ecosystem. For this, a patch of 20 acres has been identified at a different location in Khurda district.

"The new investment is in the blueprint phase. Land acquisition is underway along with other administrative approvals. We expect to make a formal announcement in the next six months or so once approvals and land transfers are finalised," Mahtani said, indicating that the ground-work for Epic's second major Odisha project has already begun. Unlike other textile projects that primarily focus on cotton and blended fabrics, Epic's upcoming facility will focus on high-value technical textiles and engineered fabrics, a segment increasingly being driven by demand from active-wear, athleisure, performance apparel and global fashion.

Alpha Corp to invest ₹750 cr in EIL's stressed assets after SC approval

SANKET KOUL & ANEKA CHATTERJEE
New Delhi, 6 May

Delhi-based realty firm Alpha Corp Development said on Wednesday that it would invest ₹750 crore in three stressed assets of Earth Infrastructure Ltd (EIL) spread across Greater Noida and Gurugram, with a total revenue potential of ₹1,200 crore.

This followed the Supreme Court's decision on Tuesday providing relief to over 3,000 home and commercial space buyers by restoring resolution plans for the stalled EIL projects. These plans were earlier set aside by the National Company Law Appellate Tribunal (NCLAT) in January
